Introduction

Purpose

- The purpose of this Plan and Procedure is to outline how <<organization>> manages communication relating to AI and governance within the framework of its AIMS.

Scope

- The scope of this Plan and Procedure covers:
    - Internal communication to employees
    - Communication from employees
    - Communications to and from external parties
    - Marketing communications.

Responsibilities

- It is the responsibility of the Management Team and the operations managers to ensure that internal and external communications are conducted effectively and efficiently, in accordance with this Plan and Procedure.

BSIInfo

Procedure

External Communications

- All external communications from the organization that relate to AI will be reviewed, discussed and approved at the AI Management Review (AIMR) meetings and/or with the Risk and Compliance Lead, before being disseminated through corporate emails and the <<organization's>> intranet. Such communications may include:
    - New, amendments or pending changes to legislation
    - Changes to regulation
    - Proposed changes to customer contracts, terms and conditions, non-disclosure agreements (NDAs) that affect AI requirements
    - Proposed changes to supplier contracts, terms and conditions, non-disclosure agreements (NDAs) that affect AI requirements
    - Information from insurance brokers/insurers
    - Guidance from specialist groups

- All dealings with external interested parties will be consistent with the Register of interested parties and the internal policies and actions developed in accordance with Clause 4.2 of the ISO 42001:2023 Standard.

External Communication Channels

- <<organization's>> external communication channels are designed to cater to the diverse needs of its customers:
  - **Email**: <<organization>> communicates with its customers primarily through email. Regular updates, announcements, and important information are shared through this channel.
  - **Meetings, Calls, and Virtual Meetings**: Account managers are responsible for arranging meetings, phone calls, and virtual meetings with customers based on their preferences and requirements.
  - **Office Number**: <<organization>> maintains an operational office number throughout the week, providing customers with a direct line of communication.
  - **24/7 Support**: For specific contracts, <<organization>> offers round-the-clock support for<<organization's>> AI solutions.

Internal Communications

- The Risk and Compliance Lead and Head of HR are responsible for managing internal communications. Specifically:
  - HR is responsible for:
    - The internal communication of information relating to policies that have been approved by the CEO and/or AIMR meetings.
    - Ensuring any information disseminated is relevant and provided in a form and manner that is comprehensible to those persons receiving it and is appropriate to the level and function within the organization.
  - The Risk and Compliance Lead is responsible for ensuring:
    - That information flows up, down and across the various parts of the organization.
    - That lessons learnt from nonconformities and incidents and subsequent investigations are communicated to the relevant party(ies)
    - Reports are presented at AIMR meetings and Senior Management Review (SMR) meetings.

Internal Communication Channels

- To foster efficient internal communication, <<organisation>> uses Microsoft Teams as the primary internal communication platform. This platform allows staff members

Inspiring trust for a more resilient world.

BSI Group BSI Group BSI Group

to collaborate, share information, and conduct meetings irrespective of where they are in the world. All employees are equipped with international phone licenses. This allows <<organization's>> staff to travel and work remotely at all times.

Awareness

- The AIMR members and Risk and Compliance Lead are responsible for determining the awareness activities to be undertaken internally to promote AI governance and ethics.
- To this end, the Risk and Compliance Lead is responsible for developing an internal awareness programmes to promote AI governance and ethics.
- HR is responsible for managing internal awareness campaigns to promote AI governance and ethics and encouraging active participation of employees in AI improvement initiatives.

Other Communications Channels

Marketing Communications

- Marketing communications adhere to a structured process:
  - Marketing Approval Process: All marketing communications undergo a rigorous approval process to ensure consistency, accuracy, and compliance with <<organization's>> messaging.
  - Customer Contact Strategy: <<organization's>> Marketing Team follows an approved customer contact strategy, encompassing welcome emails, follow-ups, updates, newsletters, and more. This strategy is designed to engage and inform <<organization's>> customers effectively.

Business Continuity/Disaster Recovery Communications

- In the event of an emergency or business disruption:
  - Remote Working: All staff will transition to remote work, utilizing MS Teams, and email for communication, as per the <<reference>> Business Continuity Plan.
  - Dissemination of Information: Relevant personnel, such as key members of the Crisis Response Team, will communicate essential information to impacted clients through email, ensuring transparency and guidance during challenging times.

Website & Social Media

- <<organization's>> online presence is constantly updated:
  - Website Updates: <<organization's>> websites are regularly updated to reflect the latest information about its products and services, presenting an accurate depiction of its offerings, as well as AI-related articles and publications as part of its AI thought leadership.
  - Social Media Channels: <<organization>> leverages Facebook, X, and LinkedIn to communicate brand messaging, AI articles and publications available, recruitment efforts, and company news.
